Host your child's next birthday bash with Chef Goofball and the Apronettes at Apron. Chef Jess will engage your children with a creative and entertaining cooking lesson. The little chefs will learn, taste, create and giggle for two hours. Package includes instruction, food, paper products, drinks, the Apron (space) and gift. We recommend that due to the limited space only one or two adults may stay. The other parents are asked to arrive at the end of the party to pick up their little chefs.
